Message of the General Manager of ABplus Events

“For 20 years, together with our partners, we have been in pursuit of excellence in the fields of architecture and construction, through international events organized for architects and contractors.

ABplus Events, as Professional Trade Events and Congress Organizer, is the creator of the concept of national network of construction trade shows. The experience of these 20 years of the Central and Eastern European market positions our events as one of the most effective business networking platforms in the region, a source of constantly updated information, supporting the continuous training of specialists and the promotion of young talents.

Bringing together hundreds of practicing architects and contractors in Europe, Asia and the United States of America, the ABplus events promote projects, achievements and recent best practice examples in architecture and construction industry.

I invite you to join the new editions of our events!”

Florin Mindirigiu

Co-Founder and CEO ABplus Events

Testimonials

“It was a very good combination of fresh designers who are somewhere at the beginning or in full swing of their career and who allow us, in fact, to anticipate the future. What pleased me very much was that the public had the opportunity to see what it means to put in the effort to produce quality interiors, as the speakers presented their projects behind the scenes, where we saw huge labour, which one must be both driven and subtle to understand when decoding the result.

Another thing that I find important is that this conference highlights the exceptions and things that can be inspiring, models to follow. The world does not know them, does not see them and this justifies the public's appetite for this conference. A great benefit is also its educational role.”

arch. Mariusz ŚCISŁO

President of THE ASSOCIATION OF THE POLISH ARCHITECTS SARP
Co-organizer of the Polish editions of INGLASS

“I think the conference has exceeded the expectations of many and my explanation is that the format of the conference has been practised in Romania. After the 10 similar expo conferences that have taken place in Bucharest, an equilibrium has been reached, a science of compatible with each other, with the subject, with the expectations of the audience, and I think this is a good time to come to Poland, to export this event.

I believe that things have started very well, I am extremely curious to see how they will continue. In Bucharest, I have followed the audience and found that it always consisted of a devoted public, certain people, certain faces that I would always see, which means something, and always new people as well. I am very curious to see how the Polish will act. Polish architecture is very interesting, and for me, as a Romanian, even though I know quite a lot about European architecture, visiting Poland has been relevant.”

arch. Șerban ȚIGĂNAȘ

President of THE ORDER OF THE ARCHITECTS OF ROMANIA
Co-organizer of the Romanian editions of INGLASS

“The Chamber of Hungarian Architects is glad, that INGLASS conference is here in our city, it is the highest professional gathering for architects, dealing with the material glass.

We support all professional education and conference, which are in favor of our members. The conference is an opportunity for every registered architect.”

Ferenc MAKOVÉNYI

Member of the Board of the Chamber of Hungarian Architects
Guest Speaker INGLASS Budapest 2015

“INGLASS was perfectly organized and had very interesting presentations. The lecture I held and the message addressed at the event was: “Don't worry, in two days tomorrow will be yesterday.”

prof. Wolf D. PRIX

COOP HIMMELB(L)AU, Austria
Special Guest INGLASS Bucharest 2013

“One of the most important forces behind architectural progress has always been the possibility of coming together, to create platforms where interaction and inspiration can take place. It has definitely been a positive experience. It was a very good blend, having a lot of very inspiring, different approaches, lectures, which went well with different shorter lectures in between that were more technical, showing what they are doing, quite inspiring also.

I really feel that there is something bubbling in the Eastern part of Europe, which is very interesting for architects.”

arch. Ósbjörn JACOBSEN

Henning Larsen Architects, The Winner of Mies van der Rohe 2013
Special Guest of INGLASS 2014

“The reason why I accepted the invitation is because I saw in the program that this will be a very well prepared conference. My first reaction was that there is a list of very good speakers and also representatives of prominent architectural offices giving speeches about architectural use of glass. It has been a very big pleasure to be here.”

arch. Rainer MAHLAMÄKI

LAHDELMA & MAHLAMÄKI ARCHITECTS, Finland
Guest Speaker INGLASS Warsaw 2014

Testimonials

“ It was a big pleasure to come to the conference. It was my first visit to Bucharest so I was very excited to be here and very excited about the architecture conference in which I could understand some of the problems that Romanian architects and urban planners have.

Some of the issues are quite similar with what we experience in Poland, so we can understand the situation. I am really fascinated with the architecture of the city and with the organization of the conference.”

arch. Krzysztof INGARDEN

President of Ingarden & Ewy Architects, Poland
Keynote Speaker INGLASS Bucharest 2015

“ It is my believe that the time of glass has come, it came a long time ago, maybe a decade ago, maybe even more. I am impressed by the contemporary Romanian architecture, in average I consider it very very good. Comparing to other countries I visit, the average is very very good.”

arch. Dan S. HANGANU

DAN HANGANU ARCHITECTS, Canada
Special Guest INGLASS Bucharest 2011

“ I admired the hospitality and the additional program of INGLASS expo conference. The presentations were really interesting due to the level of the subjects spread out very well, from architecture to teaching. I think everyone could find everything for himself.”

arch. Andrzej BULANDA

Principal of Bulanda Mucha Architects
Guest Speaker INGLASS Bucharest 2015

INGLASS

International Architecture Expo Conference

is addressed to architects, engineers, glass producers, glass processors, equipment providers and end-users.
